

Gilles-André Morin

Founder & CEO – Gamma Solutions, LLC

Gilles-André, or G.-A. as he is commonly known, has for many years been a trusted partner to leaders across major industries. A firm believer in technology as a critical factor in corporate growth and success, G.-A. serves a blend of leadership and practical experience forged in the crucible of IT operations. He's a "Global Digital Disrupter" who drives impressive and measurable results for each of his engagements.

Born in Montréal, Canada and naturalized to the US since 1997, G.-A. is multilingual resource with experience working with global workforces and different cultures. He has honed his technical chops over many years in international contexts and senior leadership roles in the telecommunications, healthcare clinical documentation, corporate events and payment card industries.

A cross-functional team player with an entrepreneurial spirit, G.-A. is a consummate professional who loves challenges and enjoys getting underneath and resolving complex business issues, as evidenced by a career of multi-year assignments in key leadership roles addressing these opportunities. His innate ability to think in terms of repeatable processes and understanding of business and profit drivers enables him to scale technology investments to achieve critical business objectives.

An innovator who leverages technology to achieve results, G.-A. is the individual who enjoys leadership roles and while also appreciating individual contributor engagements. With his persistence and determination, he ensures assignments are brought to fruition. Rest assured G.-A. does not hesitate to act or take matters in his own hands when appropriate, his magic touch / signature move.

Although G.-A. calls Newton, MA home, he is most often seen on a Delta flight enroute to his next assignment. G.-A. is the holder of a US Patent for a blockchain application and a Patent Pending for a Machine Learning application. He received his Engineering Degree from École Polytechnique de l'Université de Montréal and an MBA with a Strategic Management concentration from McGill University. In his spare time, G.-A. is an avid wine collector and loves to travel.
